

2007 - 2008 Verification Worksheet

Federal Student Aid Programs

Your application was selected in a process called "Verification." In this process, your school will be comparing information from your application with signed copies of your (and your spouse's if you are married, or parent(s) if you are considered dependent for federal aid purposes) **2006 Federal Tax forms, W-2 forms** or other financial documents. The law says we have the right to ask you for this information before awarding Federal Aid. If there are differences between your application and your documents, corrections may need to be processed. Try to complete verification as soon as possible, so that your financial aid won't be delayed. Your school must review the requested information, under the financial aid programs rules (CFR 34, Part 668).

What you should do:

1. Collect your (and your spouse's or parents') financial documents (signed Federal Income Tax forms, W-2, etc.).
2. Talk to your financial aid administrator if you have questions about completing this worksheet.
3. **Fill in the appropriate sections and sign the worksheet**—Dependent students require parental signatures.
4. Take the completed worksheet, photocopies of tax forms, and any other documents your school needs to your financial aid administrator.
5. Your financial aid administrator will compare information on these documents and make corrections if necessary.
