

Dear UCC Campus Community,

In our continued commitment to keep you informed regarding UCC activity involving COVID-19, here are current College updates (as of Wednesday, April 1).

UCC continues to participate in daily calls with our state peers and the Higher Education Coordinating Commission (HECC). During yesterday's call (on Tuesday, March 31), we learned that **social distancing is working**. State experts say there is strong evidence that social distancing is having a strong effect. The message is that **if we continue to enforce this effort, we can avoid what other states are experiencing**. The key is to not let down our guards: [Stay Home, Save Lives](#).

Here are the latest actions at UCC:

As of today, April 1:

- 75% of the College's staff and administrators have been moved to work entirely or mostly remotely.
- 25% of the College's staff and administrators remain working on campus.
 - For those who are working on campus, strict social distancing measures are in effect and are being enforced by the campus' security officers.
 - 100% compliance has been reported on a daily basis.

In the effort to provide continuity and consistency for our students, most courses will be delivered online through the Spring term. Students have been notified of this decision.

- Nearly all of the state's (17) community colleges have made the decision to move entirely online for the Spring term, with the hopes that students will be able to do the applied learning portion during the Summer. Some colleges are waiting to make decisions regarding the lab portions of CTE courses, pending the outcome of the governor's restrictions.
 - UCC hopes to hold its welding and automotive labs in-person—following strict social distancing requirements—starting May 4.
 - If that cannot happen, these two programs will offer the lab portions during the Summer term: along with dental lab and apprenticeship courses (which are already scheduled to take place during the summer).

For students who need to pick up books and supplies through the Hawk Shop, drive-through pick-up service will be available Thursday and Friday, April 2 & 3, and Monday and Tuesday, April 6 & 7. Students have been notified of this effort.

Computer Labs are open for students who need access to a computer or the internet for the purposes of enrolling or online course participation. The labs, which are located in Wayne

Crooch Hall (WCH) Rooms 11, 12, and 17, are available from 8:30 a.m. to 4 p.m., Monday through Friday. [Social Distancing](#) in the labs is in effect.

UCCOnline continues to help with Canvas and Zoom. The team can be contacted by:

- Email: ucconline@umpqua.edu.
- Voicemail: (541) 440-7685.
- 24-hour Canvas support hotline: 1 (855) 782-5890.

Additional resources continue to be added the Faculty Resources section on [MyUCC](#):

- Canvas
- Zoom
- Tips and Tools for Teaching Online
- Administrative Info
- Library Resources
- Information Literacy
- Assessment

Please keep in mind that the [Coronavirus Information](#) page on the UCC website continues to be the official source of College information. If you ever have a question about something you may hear in the community or from other people, please continue to check the site for accurate information. If you have further questions, you are encouraged to reach out to your college contact.

Please also remember to continue practicing good hygiene and to stay home if you are sick or if you need to care for a family member who is sick. Everyone has individual circumstances. You are encouraged to contact your supervisor and Human Resources regarding your individual situation.

Sincerely,

Tiffany Coleman
Chief Advancement Officer &
Executive Director, UCC Foundation
Office: (541) 440-7809
