

Student Success Story

Robert Williams is the 2015 fall winner of the \$500 Trucking School Scholarship Award from TruckerToTrucker.com. He will soon be completing the commercial driving program at Umpqua Community College. Umpqua provides an intensive four week training program that offers more behind the wheel time than many comparable programs.

Rob recently retired from a 29 year career that started as a volunteer firefighter and included 17 years as a professional Firefighter Paramedic. Over the years he has saved lives, been a mentor and trainer for other firefighters and paramedics, and given back to his community.

Umpqua Community College's active job placement assistance and close connections with company recruiters makes it common for Umpqua graduates to have multiple job offers before they've even completed the program.

The staff at TruckerToTrucker.com are very excited to be able to give a little back to Rob and his family, as he makes this transition to a new career.
