Server Administrator Pathway Certificate

PROGRAM DESCRIPTION

The Server Administrator Pathway Certificate is designed to prepare students with developing, updating, and administering Windows Server skills, general problem-solving, and troubleshooting skills necessary to obtain entry-level work, or continue towards their AAS in Computer Information Systems.

PROGRAM OUTCOMES

Students who successfully complete the Certificate will:

1. Be prepared for entry- or mid-level employment in Microsoft Windows Server administration
2. Develop new or upgrade existing server administration skills

CAREER CONSIDERATIONS

This Pathway Certificate is a short-term educational goal aimed towards specific areas in Computer Information Systems. This certificate will address the need for a logical pathway of success for students. A student will be able to earn the certification and then continue seamlessly on to existing CIS courses. Those who are already employed in the profession that want to upgrade their server administration skills may also benefit from this certificate. This certificate may also lead to employment in server administration.
