Community College

COMMUNITY &
WORKFORCE TRAINING

UMPQUA
Community College

**COMMUNITY &
WORKFORCE TRAINING**

Program Mission:

To prepare students to enter the medical field as National Certified Phlebotomy Technicians.

Course Description:

This 11-week course qualifies students to work in medical laboratories, hospitals, clinics, donor facilities, healthcare insurance providers and more. Classroom, and laboratory.

Upon successful completion of the Phlebotomy course, you will be qualified to take the National Phlebotomy Technician Certification (CPT) exam. Course work includes confidentiality and HIPPA regulations, basic anatomy and physiology, infection control and safety, venipuncture, specimen handling and hands-on training with patients in a clinical setting. You will be drawing blood from each other during the course. A minimum of 50 draws and 10 finger pokes are required as part of the course.

Instructors:

Instructors for this course Certified Phlebotomists with years of career experience. Our instructors also serve as certified specialists for our other medical courses.

Job Placement:

Many of the graduates of this program have been successful in gaining employment in the medical profession. The NHA certification exam is a nationally recognized certification which makes for good job placement opportunities.

Overall Program Outcomes:

Students who successfully complete the training will:

- Pass the NHA Exam to be a Certified Phlebotomy Technician.
- Receive a Non-Credit Training Certificate (NCTC) from Umpqua Community College.
- Meet the required practical experience of blood draws for job placement.
- Working knowledge of lab environment and patient care required of a CPT.

Prerequisites & Requirements:

Formal acceptance into the Phlebotomy program; students must be 18 years old and have a High School diploma or GED equivalent.

The following functional abilities are essential in this job:

- Gross and fine motor skills
- Physical endurance, strength, & mobility
- Hearing, visual, tactile
- Emotional stability
- Analytical & critical thinking skills
- Interpersonal & communication skills

Students who wish to attend the Phlebotomy Course must meet all the requirements listed below by providing information to be uploaded into the UCC Castle Branch account for Phlebotomy. ***All information must be provided prior to the first class.***

- TB Screening Report
- Measles, Mumps, Rubella (MMR) Vaccine
- Varicella (Chicken Pox) Vaccine
- Hepatitis B (HBV) Vaccine
- Tetanus, Diphtheria, and Pertussis (TDAP) Vaccine
- Covid Vaccine

After acceptance into the class students must pass a Criminal Background Check and Drug Screening.

If you have questions about your ability to meet these requirements, **please** contact the Community and Workforce Training Office Phlebotomy program coordinator at 541-440-4651.

Course Topics:

The program consists of a multi-faceted approach. The course is guided by the NHA curriculum that also includes scenario experiences to prepare you for clinical experiences. Course work also includes in-person training.

- Confidentiality & HIPPA regulations
- Safety & compliance
- Patient preparation
- Venipuncture & routine blood collection
- Specimen handling, special collections, & processing
- A minimum of 50 venipuncture draws, and 10 dermal punctures are required as part of the course.

You will be drawing blood from each other during the course

Phlebotomy Outcomes:

- Demonstrate knowledge of lab and draw practices.
- Demonstrate professionalism through acceptable attitude, organization, and time management skills and attire.
- Perform and document routine administrative and clinical procedures according to established protocol.
- Uphold legal and ethical standards and confidentiality for patient privacy.
- Maintain industry standards of quality control and safety principles in the workplace.

Assessment:

This is a Pass/No Pass class. Assessment is based on chapter quizzes, skill demonstration tests, and successful completion of lab hours. The average score will be recorded.

Absences from class can affect your ability to pass the class. The instructor covers a lot of information in a very short period and students can fall behind quickly. More than one unexcused absence will be a No Pass.

Criteria for a Non-Credit Training Certificate:

- An average score of 75% is required on all quizzes & tests is required to receive a pass.
- Have no more than one unexcused absence from the class to receive a Pass.

Schedule:

We offer Phlebotomy training twice a year.

Classes will meet every week on Tuesday and Thursday evening from 6:00 pm -9:00 pm.

Class will be held in the Umpqua Community College Campus in Wayne Crooch Hall.

For next available class dates please check the CWT website <http://www.umpqua.edu/CWT> or call 541-440-4668.

Course Supplies:

- Students will access Certified Phlebotomy Technician (CPT) Study Guide 2.0 via the NHA leaning platform. ***A textbook with supplementary course materials is provided to all students.***

Course cost: \$1149.

Payment is due at time of registration. A payment plan is available but full balance is due by Monday before the start of class. This non-credit class is not eligible for financial aid.

******Funding assistance may be available for those who qualify***

*****Course fee includes all aspects of the course EXCEPT those noted below. One attempt at the CPT exam is included in the fee. Further exam attempts are the responsibility of the student.***

- Immunizations and TB Testing: This cost will vary depending on what is needed.
- Uniform: Scrubs in good condition. Clean close-toed shoes, in good condition.
