The Leadership Bootcamp Information

Course Description:

The Leadership Bootcamp course 49 hours of instruction and offers individuals an opportunity to improve leadership and supervisory skills in the workplace with both individual and team projects. Through this course, students will participate in a multi week exploration of key leadership, management, and supervisory skill sets including a self-directed workplace improvement project which will serve as the capstone project. Topics covered in the Leadership Bootcamp include motivation, goal setting, problem solving and decision making, generations in the workplace, communication and connection along with other crucial leadership skills. Participation in the course will require outside reading, interviews with leaders in the community and in the workplace as well as in-class presentations. Students will receive a class binder with handouts, a resource guide in physical and online format, and access to the UCC library of business and community resources.

Topics Included:

- Leadership and Influence
- Workplace Improvement Project Plan
- Time Management, Growth Plan, and Goal Setting
- Motivation of Self and Teams
- Conflict Resolution
- Generations in the Workplace
- Problem Solving and Decision Making
- Communication
- Coaching, Giving, and Receiving Feedback
