 INDEPENDENT**

Your 2017-2018 Free Application for Federal Student Aid (FAFSA) was selected for review in a process called verification. The law says that, before awarding Federal Student Aid, we may ask you to confirm the information you reported on your FAFSA. To verify that you provided correct information, we will compare your FAFSA with the information on this verification document and with any other required documents. If there are differences, your FAFSA information may need to be corrected. You and a parent whose information was reported on the FAFSA must complete and sign this verification document, attach any required documents, and submit the form and other required documents to us. We may ask for additional information. If you have questions about verification, contact us as soon as possible so that your financial aid will not be delayed.

D. Student and Spouse's (if married) Tax Forms

Instructions: The instructions below apply to you and/or your spouse, if you are married. Notify the Financial Aid Office if you or your spouse filed separate IRS income tax returns for 2015 or had a change in marital status after December 31, 2015. Complete the sections below if you and/or your spouse **filed or will file** a 2015 income tax return. The best way to verify income is by using the IRS Data Retrieval Tool (DRT) that is part of the FAFSA. In most cases, no further documentation is needed to verify 2015 income information that was transferred into the FAFSA using the IRS DRT if that information was not changed by the FAFSA filer. If the DRT is not used, you will need to submit a copy of your 2015 IRS Tax Return Transcript to the Financial Aid Office.
