

State Licensure/Certification Links, Reciprocity, & Disclosure of Curriculum Alignment Table

The following table indicates a) whether students earning their license/certification* through the UCC Manufacturing Plant Electrician Program have reciprocity to practice in other U. S. states and b) provides a list of states for which UCC has determined curriculum alignment (34 CFR § 668.43 - Institutional information).

State	Does student have reciprocity to practice in the state?			Does the UCC Curriculum meet the state requirements for licensure or certification?			Link to State Licensing Agency for Inquires Re: New License/Certification
	Yes	No	Do not know	Yes	No	Do not know

Table last updated 10/29/21

*Some areas may use the term *certification* in lieu of *license*; as with a *teaching certification*.

STATUTE

34 CFR § 668.43 - Institutional information.

(v) If an educational program is designed to meet educational requirements for a specific professional license or certification that is required for employment in an occupation, or is advertised as meeting such requirements, information regarding whether completion of that program would be sufficient to meet licensure requirements in a State for that occupation, including -

(A) A list of all States for which the institution has determined that its curriculum meets the State educational requirements for licensure or certification;

(B) A list of all States for which the institution has determined that its curriculum does not meet the State educational requirements for licensure or certification; and

(C) A list of all States for which the institution has not made a [determination](#) that its curriculum meets the State educational requirements for licensure or certification;
